

PERFORMING IN PUBLIC SPACES

19 - 23 november 2018

ReAct! - Actions moving is a performance company based in Stockholm, Sweden, that aims to reach the public directly by performing in public spaces, therefore opening art to new audiences.

Dance, movement, theatre and circus can be seen as the main artistic tools, but we go beyond them and other artistic forms are also used. ReAct! is also an intercultural company with members originally from Sweden, Finland, France and Portugal.

The workshop will comprise of 4 main elements:

- The existing repertoire of ReAct!
- Task based improvisations
- Short and fast creations done by the participants
- Taking the methods outside the studio and organising a little showcase in an actual public space.

We will share some sequences from our existing pieces to give an idea of our movement style and to discuss the research and philosophy behind them. We will then work with task based improvisations and fast creations both individually and in groups.

We'll be sharing our methods and tools for the creation tasks. Starting point for the improvisation lies in everyday movements and movement patterns.

Our style of work is accessible to all kinds of movers and performers, and we believe that the diversity of experiences is an added value to the workshop. The most important requirement is that the participants are flexible and interested to adapt their experiences to new spaces.

Workshopen sker i samarbete med Danscentrum Syd och vänder sig till professionellt yrkesverksamma dansare. Workshopen är utan kostnad för alla deltagare.
